Flattering Frames

"One size fits all" doesn't necessarily look good on everyone, and this includes eyeglasses. Next time you're in the market for some new frames, keep in mind these four things: face shape, frame shape, size and coloring. Your eye care professional can help customize a look that's just right for you.

Organizing Tip

When clearing out clutter in your home, instead of deciding what to take out, decide what to put in. Completely empty a closet, shelf or drawer, and then put back only what you really need. Deciding what to do with what's left will be easier, because you've already determined those items aren't necessities.
