

Meet your Resident Council Members

Soaring Heights Communities is pleased to partner with the 355th Wing Command and the Air Force Resident Advocate at Davis-Monthan AFB in the creation of a Resident Council (RC) to support our valued community members. The Resident Council will provide residents the opportunity to engage in their community and positively affect the quality of life of families living within Soaring Heights Communities. A huge thank you to the Active Duty resident volunteers for donating their time and contributing to the success of their community!

Residents are encouraged to share ideas and suggestions with their RC representatives as you see them in the community or by emailing james.slough@us.af.mil. Your Resident Council values all suggestions and recommendations.

Thompson**
Palo Verde

I have been active duty for 18 years, lived in several military communities, currently a First Sergeant and have ran multiple clubs within those respective areas. I have dealt with many of my own housing issues and want to be your voice. I understand that sometimes you don't know where to begin with a problem, or don't feel you're being taken seriously. My #1 priority is to bring (unresolved) singular/collective problems that we face directly to the housing office. I would also like to hear your ideas that would improve the community. I have extensive experience in dealing with base/civilian leadership to address issues and expedite results. I believe that taking care of our members and their families should hold the utmost of importance. 24/7 I got you!

Turmes**
Palo Verde

I have lived in the Soaring Heights community since 2015. I have had both positive and negative experiences while living on base. I would like our military families to live in an environment where they feel safe and the living situation is the least of their worries. I believe that it is important to get residents involved and contributing ideas that will make our community better.

Kachina Village

I have been in Kachina Village for a little over 1 year now and I look forward to

contributing ideas to make our community better. I've been with my wife for nine years and have a daughter, they are both my world. I enjoy traveling and spending plenty of time with my family playing games. I work out of the 79rgs as a maintainer and am originally from Queens, NY.

Lopez**
Palo Verde

I currently reside in the Palo Verde community and have lived on base since Oct '21 but have been stationed here at Davis-Monthan AFB since Oct '19 and assigned to the 355th Component Maintenance Squadron. I have been serving for 12 years and PCS'd to four different locations. I have a nine year old daughter and a four year old son both very sweet and kind-hearted. Originally being from SoCal, we are all excited to have been stationed here as this is the closest we have been to home.

Candace Murphy

Kachina Village

I PCS'd to Davis-Monthan Sept 2021 and I moved into base housing Oct 2021 after coming up short with off-base housing. I am

currently assigned to the 48th Rescue Squadron. This is my first time staying on base since I was an Airmen in Minot, ND. So far, the experience has been great and I hope to assist others to alleviate any future problems. If any issues arise do not hesitate to contact me or any other member of the council.

TSgt Korey Brown

Kachina Village

I am married and have 2 kids, one girl (5) and one boy (16 mo.). I have been in the Air Force for going on 11 years. I have been

stationed at DM for almost 5 years and have lived on base for over 3 years. DM is my 2nd duty station with Little Rock AFB being my first. I am currently assigned to the 755th AMXS Compass Call Squadron and am a C-130 Crew Chief. I am original from Alabama. I have enjoyed living on base the commute is definitely nice. I joined the Resident Council to help my fellow neighbors enjoy and improve in any way I can to make your time living on base better. I look forward to serving you.

Jamie Stiffler, Ch, Capt, USAF

Kachina Village

Davis Monthan is our second assignment living in base housing. We enjoy the sense of community base housing provides as our family mingles with other families in our neighborhood. Our closest friends live here. I appreciate that Soaring Heights provides spaces for families to gather and will work to improve/protect those spaces for base housing residents. Additionally, I want people to feel safe and comfortable in their homes. We've seen so much news coverage about base housing disasters and sub-standard living conditions. Together, we can prevent those situations from happening here.
