

KEEPING IT GREEN

Grounds Maintenance Expectations

Keep your lawn lush and tropical - because paradise starts at your front yard! Here's some information on expectations that will help in caring for your tropical oasis.

MOWING SERVICES PROVIDED TO RESIDENTS

Mainscape provides year-round lawn mowing for residents, with some adjustments during the dry summer months when grass growth slows. Browning during this time is normal and lawns typically green up by early fall. Services include:

- Mowing
- Trimming
- Blowing
- Bi-weekly edging

Each neighborhood has a designated mowing day (see page 2). While mowing is scheduled weekly, weather delays may occur. Please note it may take a full day or more to complete work on your yard.

RESPONSIBILITIES OF OUR RESIDENTS

Per our community guidelines, we ask residents ensure they perform the following:

- Keep flowerbeds free of weeds, trash, and dead plants
- Maintain fenced-in yard areas
- Clear lawns of items like hoses, pools, and pet chains
- Remove any pet feces from the yard.
- Avoid parking near lawns on mowing days
- Use only above-ground planters; digging is not permitted (See Section 1.15 of the Hickam Community Guidelines)

ADDITIONAL SERVICES

Residents of HC are encouraged to stop by the nearest community center and request some grass seed to help keep your areas looking green and lush.

LANDSCAPING SERVICE

COMMUNITY

-  Earhart
-  Earhart and Hale Na Koa I
-  Hale Na Koa II & Officers Field
