

# LANDSCAPING MONTHLY SCHEDULE

Regular grounds maintenance is performed for all common areas, facilities, front and side yards of all homes, provided they are not fenced:

- Mowing is provided throughout the grow season Mar – Nov.
- Tree/shrub pruning services are provided Jan – Feb and again Jul – Aug.
- Leaf removal services are provided Nov – Feb.

**Please note - Inclement weather might cause delays in landscaping schedule without notice.**

Please be sure to have all of your personal items removed from your front and side yard on your scheduled landscaping day. As a reminder, vehicles are not permitted to be parked on the grass.

Residents are responsible to weed and maintain their flower, rock, and plant beds as well as mow and edge any portion of their yard that is fenced.

Residents may also opt to “Proudly Maintain” their own front and side yards – see your community center for more information.

A small inventory of lawn equipment is maintained and available for loan during business hours at the Lawn & Garden Center located at Bldg 4314 77th Street and Warehouse Ave. Lawn mowers, small gardening tools and weed-eaters are among the items available. Mulch, compost & grass seed are also available.
