Maple Ridge	Prichard Place	Godman	Clarke (4th Ave., GFOQ)	Littlefield/Pressler West
		Oakland	Waters	Pressler Grove
		Custer/Farragut	Johnson	
		Matthews		
		Edwards		

PLEASE NOTE -

Inclement weather might cause delays in mowing schedule.

It is the responsibility of the resident to ensure all items are removed from their yard on mowing day and all pet feces are cleaned up. If items are not removed and yard is not clear for mowers, yard will not be mowed until the following mow schedule for the neighborhood.

North/South Dietz & Historic - 502-799-6570
Oak Park - 502-799-6580

GROUNDS MAINTENANCE EXPECTATIONS

April showers may bring May flowers, and school may be winding down to the last few months, but at Knox Hills, this time of year brings something else to our community. Mowing season! Outlined below are what our residents can expect for grounds maintenance at Knox Hills.

LAWN MOWING. Knox Hills employs Mainscape – a professional lawn mowing and landscape company – to provide lawn mowing services to residents on a weekly basis from late March through mid-October. Beginning and ending times of the mow season depend on seasonal needs for the year. Mainscape is responsible for the following lawn maintenance during mow season:

- Mowing
- Trimming
- Blowing
- Edging (done on an as-needed basis)

Each area within the Knox Hills Community has a mowing day, as outlined on the back of this sheet. Mowing is dependent on weather and may occur on weekends as needed. You can generally expect to see crews in your community to mow and perform associated services beginning at 7:30 a.m. and continuing through the day until needed, but not to exceed 7 p.m. Since the services above have many phases, it may take an entire day for our crews to complete everything, barring weather interruptions.

What is expected of our residents during the landscaping season? What measures must a resident take to prepare for mowing on the regularly scheduled day?

- Weed, mulch and maintain the flower beds located in front and around your home.
- Mow and maintain any fenced-in areas around your home. We kindly ask that this include an area one foot from your fence as our commercial mowers cannot cut that close to your fence line.
- Maintain the shrubs around your home - If you are not able to do this, or if you lack the necessary tools for the work, we do provide this service for a nominal fee. Please contact our maintenance office at 502-799-6565 or your community office for more details.
- Remove any obstructions to the mowers from your lawn. This includes garden hoses, pools, pet chains and trampolines.
- Remove any pet feces from the yard.
- If possible, refrain from parking your vehicles near the lawn on mowing days.

ADDITIONAL SERVICES. Knox Hills provides pressure washing services to our homes. We offer this service for homes with vinyl siding only, as pressure washing on other surfaces can cause damage to the home. While we do plan to perform power washing in all areas over the course of a year, you may also request this service by contacting our maintenance office at 502-799-6565.
