As always, the team at the North Haven Leasing Office is happy to answer any questions you may have.

What determines my position on the waitlist?

There are two important factors in determining the position on the waitlist – eligibility date and priority.

How is an eligibility date determined?

Active Duty: The eligibility date is the date of departure from your last duty station. If an application for housing is not received within 30 days of arrival, the eligibility date will be the date an application is submitted to the leasing office.

All others: Date of application.

What are the different priorities?

After your eligibility date is established, the next factor in your position on the wait list is priority.
